PROXY STATEMENT

These proxy materials and the enclosed proxy card are being furnished in connection with the solicitation of proxies by the Board of Directors of U.S. Auto Parts Network, Inc., a Delaware corporation (the "Company"), to be voted at the 2009 Annual Meeting of Stockholders to be held on May 5, 2009 (the "Annual Meeting") and at any adjournment or postponement of the meeting. The Annual Meeting will be held at 10:30 a.m. Pacific Time at the offices of the Company located at 17150 Margay Avenue, Carson CA 90746 (Building 3). These proxy solicitation materials are expected to be mailed on or about April 3, 2009 to all stockholders entitled to vote at the Annual Meeting.

Purpose of Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of the Annual Meeting of Stockholders (the "Notice") and are described in more detail in this proxy statement.

Voting; Quorum

The record date for determining those stockholders who are entitled to notice of, and to vote at, the Annual Meeting has been fixed as March 16, 2009. Only stockholders of record at the close of business on the record date are entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof. Each stockholder is entitled to one vote for each share of our common stock held by such stockholder as of the record date. As of the record date, 29,846,757 shares of our common stock were outstanding and no shares of our preferred stock were outstanding.

The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the outstanding shares of our common stock entitled to vote will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

In the election of directors under Proposal One, the three nominees receiving the highest number of affirmative votes of our common stock, present or represented by proxy and entitled to vote at the Annual Meeting, will be elected. With regard to Proposals Two and Three, the affirmative vote of the holders of a majority of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is being sought.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., shares held by a broker or nominee that are represented at the Annual Meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary voting power). Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. With regard to Proposal One, broker non-votes and votes marked "withheld" will not be counted toward the tabulation of votes cast on such proposal presented to the stockholders. With regard to Proposals Two and Three, abstentions will be counted toward the tabulation of votes cast on such proposal presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether such proposal has been approved and will not have the effect of negative votes.

Proxies

Please use the enclosed proxy card to vote by mail. If your shares are held in street name, then in lieu of a proxy card you should receive from that institution an instruction form for voting. Should you receive more than one proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please be sure to complete, sign, date and return each proxy card or voting instruction form to ensure that all of your shares will be voted. Only proxy cards that have been signed, dated and timely returned will be counted in the quorum and voted.

If the enclosed proxy card is properly signed and returned to us, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the directors proposed by the Board under Proposal One and FOR Proposals Two and Three.

The enclosed proxy also grants the proxy holders discretionary authority to vote on any other business that may properly come before the Annual Meeting. We have not been notified by any stockholder of his or her intent to present a stockholder proposal at the Annual Meeting.

If your shares are held in your name, you may revoke or change your vote at any time before the Annual Meeting by filing a notice of revocation or another signed proxy card with a later date with our corporate Secretary at our principal executive offices at 17150 South Margay Avenue, Carson, California 90746. If your shares are held in street name, you should contact the record holder to obtain instructions if you wish to revoke or change your vote before the Annual Meeting. If you attend the Annual Meeting and vote by ballot, any proxy that you submitted previously to vote the same shares will be revoked automatically and only your vote at the Annual Meeting will be counted. Please note, however, that if your shares are held in street name, your vote in person at the Annual Meeting will not be effective unless you have obtained and present a proxy issued in your name from the record holder. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Voting by Telephone or through the Internet

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares by telephone or through the Internet. A large number of banks and brokerage firms provide eligible stockholders the opportunity to vote in this manner. If your bank or brokerage firm allows for this, your voting form will provide instructions for such alternative method of voting.

Solicitation

We will bear the entire cost of proxy solicitation, including the costs of preparing, assembling, printing and mailing this proxy statement, the proxy card and any additional solicitation material furnished to the stockholders. Copies of the solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their reasonable expenses in forwarding the solicitation materials to the beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by personal contact, telephone, facsimile, email or any other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. In the discretion of management, we reserve the right to retain a professional firm of proxy solicitors to assist in the solicitation of proxies. Although we do not currently expect to retain such a firm, we estimate that the fees of such firm would range from \$5,000 to \$20,000 plus out-of-pocket expenses, all of which would be paid by us.

Note with Respect to Forward-Looking Statements

We have made certain forward-looking statements in this proxy statement that relate to expectations concerning matters that are not historical or current facts. These statements are forward looking statements for the purposes of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and Section 27A of the Securities Act of 1933 (the "Securities Act"). Although we believe that such forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be correct. Forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from such expectations, and you should not place undue reliance on these forward-looking statements. All forward-looking statements attributable to us are expressly qualified in their entirety by such language. Except as required by law, we do not undertake any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

CORPORATE GOVERNANCE

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics and Business Conduct which applies to all directors, officers (including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) and employees. The full text of our Code of Ethics and Business Conduct is available on the Investor Relations section of our website at www.usautoparts.net. Director Independence

The Board of Directors has determined that Messrs. Berman, Majteles, Phelps and Schwartz and Ms. Siminoff each satisfies the requirements for "independence" under the listing standards of The NASDAQ Stock Market (the "NASDAQ Rules").

Board Committees and Meetings

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee has a written charter that is reviewed annually and revised as appropriate. A copy of each committee's charter is available on the Investor Relations section of our website at www.usautoparts.net, which can be directly accessed at <http://investor.usautoparts.net/>.

During the fiscal year ended December 31, 2008, the Board of Directors and the various committees of the Board held the following number of meetings: Board of Directors—7; Audit Committee—7; Compensation Committee—7; and Nominating and Corporate Governance Committee—2. During fiscal year 2008, no director attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors and total number of meetings of any committees of the Board, which he or she was required to attend.

Audit Committee. Our Audit Committee consists of Messrs. Majteles, Phelps and Schwartz and Ms. Siminoff. Mr. Phelps is the Chair of the Audit Committee. Our Board of Directors has determined that each member of the Audit Committee is independent under the NASDAQ Rules and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Mr. Phelps qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the SEC. The functions of this committee include:

- meeting with our management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting;
- meeting with our independent auditors and with internal financial personnel regarding these matters;
- pre-approving audit and non-audit services to be rendered by our independent auditors;
- engaging and determining the compensation of our independent auditors and oversight of the work of our independent auditors;

- reviewing our financial statements and periodic reports and discussing the statements and reports with our management and independent auditors, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls and auditing matters;
- reviewing our financing plans and reporting recommendations to our full Board of Directors for approval and to authorize action; and
- administering and discussing with management and our independent auditors our Code of Ethics.

Both our independent auditors and internal financial personnel regularly meet privately with the Audit Committee and have unrestricted access to this committee.

Compensation Committee . Our Compensation Committee consists of Messrs. Berman and Majteles, and Ms. Siminoff. Mr. Berman is the Chair of our Compensation Committee. Our Board of Directors has determined that each member of the Compensation Committee is independent under the NASDAQ Rules. The functions of this committee include:

- reviewing and, as it deems appropriate, recommending to our Board of Directors, policies, practices and procedures relating to the compensation of our directors, officers and other managerial employees and the establishment and administration of our employee benefit plans;
- exercising authority under our employee benefit plans;
- reviewing and approving executive officer and director indemnification and insurance matters; and
- advising and consulting with our officers regarding managerial personnel and development.

Nominating and Corporate Governance Committee . Our Nominating and Corporate Governance Committee consists of Ms. Siminoff and Messrs. Phelps and Schwartz. Ms. Siminoff is the Chair of our Nominating and Corporate Governance Committee. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent under the NASDAQ Rules. The functions of this committee include:

- identifying qualified candidates to become members of our Board of Directors;
- selecting nominees for election of directors at the next annual meeting of stockholders (or special meeting of stockholders at which directors are to be elected);
- selecting candidates to fill vacancies of our Board of Directors;
- developing and recommending to our Board of Directors our corporate governance guidelines; and
- overseeing the evaluation of our Board of Directors.

In connection with their recommendations regarding the size and composition of the Board, the Nominating and Corporate Governance Committee reviews the appropriate qualities and skills required of directors in the context of the then current make-up of the Board. This includes an assessment of each candidate's independence, personal and professional integrity, financial literacy or other professional or business experience relevant to an understanding of our business, ability to think and act independently and with sound judgment, and ability to serve our and its stockholders' long-term interests. These factors, and others as considered useful by the Nominating and Corporate Governance Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Corporate Governance Committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective directors. The Nominating and Corporate Governance Committee leads the search for and selects, or recommends that the Board select, candidates for election to the Board. Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. Candidates for nomination to our Board typically have been suggested by other members of the Board or by our executive officers. From time to time, the Nominating and Corporate Governance Committee may engage the services of a third-party search firm to identify director candidates.

The Nominating and Corporate Governance Committee will consider candidates for directors recommended by our stockholders who meet the eligibility requirements for submitting stockholder proposals for inclusion in our next proxy statement. This committee will evaluate such recommendations applying its regular nominee criteria. Eligible stockholders wishing to recommend a nominee must submit such recommendation in writing to the Chair, Nominating and Corporate Governance Committee, care of the corporate Secretary, by the deadline for stockholder proposals set forth in the prior year's proxy statement, specifying the following information: (a) the name and address of the nominee, (b) the name and address of the stockholder making the nomination, (c) a representation that the nominating stockholder is a stockholder of record of our stock entitled to vote at the next annual meeting and intends to appear in person or by proxy at such meeting to nominate the person specified in the notice, (d) the nominee's

qualifications for membership on the Board, (e) a resume of the candidate's business experience and educational background as well as all of the information that would be required in a proxy statement soliciting proxies for the election of the nominee as a director, (f) a description of all direct or indirect arrangements or understandings between the nominating stockholder and the nominee and any other person or persons (naming such person or persons) pursuant to whose request the nomination is being made by the stockholder, (g) all other companies to which the nominee is being recommended as a nominee for director, and (h) a signed consent of the nominee to cooperate with reasonable background checks and personal interviews, and to serve as a director, if elected. In connection with its evaluation, the Nominating and Corporate Governance Committee may request additional information from the candidate or the recommending stockholder, and may request an interview with the candidate. The Nominating and Corporate Governance Committee has the discretion to decide which individuals to recommend for nomination as directors.

No candidates for director nominations were submitted to the Nominating and Corporate Governance Committee by any stockholder in connection with the election of directors at the Annual Meeting. Each of the director nominees standing for election at this Annual Meeting is a current director of the company.

Strategic Committee. We also have a Strategic Committee, which consists of Messrs. Evangelist and Schwartz. Mr. Schwartz is the Chair of our Strategic Committee. The functions of this committee include:

- assisting the Board and the Company's executive officers in evaluating potential expansion opportunities;
- providing strategic direction and oversight to management in connection with expansion and implementation of new business opportunities; and
- evaluating and providing direction to management regarding any strategic acquisitions of businesses, companies and/or assets.

Annual Meeting Attendance

We do not have a formal policy regarding attendance by members of our Board of Directors at annual meetings of stockholders; however, directors are encouraged to attend all such meetings. All of our directors attended our 2008 Annual Meeting of Stockholders.

Stockholder Communications to the Board

Our Board of Directors has implemented a process by which stockholders may send written communications directly to the attention of the Board, any committee of the Board or any individual Board member, care of our corporate Secretary at 17150 South Margay Avenue, Carson, California 90746. The name of any specific intended Board recipient should be noted in the communication. Our corporate Secretary will be primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the facts and circumstances outlined in the communication, providing copies of such communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and substantive corporate or Board matters. Communications that are of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board.

**PROPOSAL TWO:
APPROVAL OF STOCK OPTION EXCHANGE PROGRAM**

Overview of Proposal

On March 10, 2009, our Compensation Committee approved, subject to stockholder approval, the exchange of certain outstanding stock options held by current employees (“Eligible Employees”), including executive officers other than the Chief Executive Officer, Chief Financial Officer, Chief Information Officer and Chief Technology Officer (collectively, the “Excluded Officers”), for a smaller number of new options. The options included in the proposed program are those options that have an exercise price greater than \$4.90 per share, which approximates the 12-month high for our stock price as of the date of the proxy statement (the “Eligible Options”). Participation in the program by Eligible Employees will be voluntary. Former employees, consultants, non-employee directors and Excluded Officers will not be eligible to participate in the program. The exchange ratio for the program is 2:1; that is, each Eligible Option will be exchanged for a new option to purchase one-half of the number shares of common stock that were purchasable under the Eligible Option. Our Chief Executive Officer elected in March 2009 to forfeit 250,000 of his outstanding options, but will not receive any replacement grants under this exchange program. After giving effect to this forfeiture, we do not believe this exchange program will generate a material incremental non-cash share based compensation expense from an accounting perspective, depending on the number of shares tendered and the stock price at the time of the exchange.

Stockholder approval of the option exchange program applies only to the stock option exchange program described in this proxy statement. If we were to implement a different stock option exchange program in the future, we would plan to seek stockholder approval for such other exchange program.

Reasons for the Exchange Program

Stock option grants are a critical component of our compensation philosophy, the focal point of which is to increase long-term stockholder value. We believe stock options help us achieve this objective in several important ways: by aligning the employees’ interests with those of our stockholders; by motivating employees’ performance toward our long term success; and, through grants of options as part of a reward and retention compensation philosophy, by encouraging our executives and employees who have received option grants to continue their employment with us.

Despite our work to right-size the Company during the past fiscal year, our stock price has declined, in part, due to an overall stock market downturn and macro-economic conditions. Presently, almost all of our outstanding stock options are “underwater”, meaning the exercise price of those options is greater than our current stock price. This means that the vast majority of our historically granted stock options have little or no perceived value to the employees who hold them and are therefore no longer effective as incentives to motivate and retain these employees.

Our Board of Directors believes that it is critical to our future success to revitalize the incentive value of our stock option program to retain employees and create in them a personal stake in the long term financial success of the Company. The Board believes that without the proper balance between the long term components of our compensation structure (i.e., equity awards) and its short term components (i.e., salary and bonus), key employees are not properly motivated to align their interests with those of the stockholders and work toward reward for their contributions based upon increases in share value. The Board also recognizes the competition, even in this economy, to attract and recruit top talent. The Board believes that it has a responsibility to address these issues and to properly incentivize our key employees. Consequently, the Board has proposed the option exchange program described below.

Eligible Options

The Eligible Options are those outstanding options granted to employees, other than the Excluded Officers, under our stock incentive plans that have an exercise price greater than \$4.90 per share. As of April 3, 2009, these options covered 1,486,464 shares and represented 23.5% of the Company’s total outstanding stock options. The number of employees holding Eligible Options was 106. Of the total shares subject to Eligible Options, 306,000 shares or 20.6% are held by one of our named executive officers.

As of April 3, 2009, former and current employees and officers held outstanding stock options to purchase a total of 6,315,276 shares of common stock under our equity compensation plans. Substantially all of these options are currently underwater. A large number of these options are held by current employees and some have exercise prices as high as \$11.68 per share. Options with exercise prices of \$4.90 or less are being excluded from the proposed exchange program.

Of the Eligible Options, 680,364 were granted under our 2006 Equity Incentive Plan and 806,100 were granted under our 2007 Omnibus Incentive Plan. No Eligible Options were granted under the 2007 New Employee Incentive Plan. The 2006 Equity Incentive Plan and the 2007 Omnibus Incentive Plan are qualified plans as that term is defined in the Internal Revenue Code.

Exchange Ratios

In working with our Compensation Committee to develop a stock option exchange program pursuant to the Board's direction, the Company management hired Compensia, Inc., an independent compensation consultant, to assist the Compensation Committee in evaluating the value of the options relative to the replacement options. The exchange ratio was determined to be 2:1 after a thorough evaluation of the retention incentive of Black-Scholes and Monte Carlo option valuation methods versus a ratio that was slightly more advantageous but combined with a longer vesting period.

The exchange ratio will be 2:1; that is, each Eligible Option will be exchanged for a new option to purchase one-half of the number of shares of common stock that were purchasable under the Eligible Option, the option exchange which is a non-value for value exchange and will therefore generate some additional compensation expense (non-cash) to the Company, which is anticipated to be non-material.

Under the proposed exchange program, Eligible Employees will be given the opportunity to exchange their stock options that have an exercise price greater than \$4.90 per share for new stock options to purchase a fewer number of shares and an extended vesting period. The ratio of old options surrendered to new options granted will be 2:1. Assuming that all Eligible Employees fully participate in the exchange program, Eligible Options covering 1,486,464 shares would be surrendered and cancelled, while new options covering 743,232 shares would be issued, resulting in a net reduction of 743,232 shares subject to outstanding awards, or approximately 11.8% of all outstanding options.

The table below provides an example of the exchange of an Eligible Option based on the 2:1 exchange ratio:

<u>Original Strike Price</u>	<u>Options to be Exchanged</u>	<u>Exchange Rate</u>	<u>New Options Issued</u>	<u>Net Reduction in Overhang</u>
\$5.81	75,000	2:1	37,500	37,500

Program Participation

Because the decision whether to participate in the stock option exchange program is completely voluntary, we are not able to predict who or how many Eligible Employees will elect to participate, how many Eligible Options will be surrendered for exchange, or the number of new options that may be issued.

Implementing the Stock Option Exchange Program

If stockholders approve the option exchange program, the program may be commenced at any time within six (6) months following stockholder approval, as determined by the Compensation Committee. Even if the stockholders approve the stock option exchange program, the Board of Directors will retain the authority, in its sole discretion, to terminate or postpone the program at any time prior to the closing of the actual exchange offer to Eligible Employees (described below), or to exclude certain Eligible Options or Eligible Employees from participating in the stock option exchange program due to tax, regulatory or accounting reasons or because the Board determines that their participation would be inadvisable or impractical.

Upon commencement of the option exchange program, Eligible Employees will be offered the opportunity to participate in the exchange under a Tender Offer Statement to be filed by us with the SEC and distributed to all Eligible Employees. Employees will be given at least twenty (20) business days in which to accept the offer of the new options in exchange for the surrender of their Eligible Options. The surrendered options will be cancelled on the first business day following this election period. The new options will be granted on the date of cancellation of the old options and will have an exercise price at least equal to the fair market value of our common stock on the date of grant of such new options. Surrendered options from the 2006 Equity Incentive Plan will terminate and not be returned to the plan for future grants. Surrendered options from the 2007 Omnibus Incentive Plan will be returned to the plan and will be available for future grant under such plan.

If on the date that the exchange program commences, the holder of Eligible Options is no longer an employee of the Company for any reason (including layoff, termination, voluntary resignation, death or disability), that person will not be entitled to participate in the program. An employee who elects to participate in the program and tenders his or her options for exchange must also continue to be employed with the Company on the date of the new grant in order to receive the new options.

A vote by an Eligible Employee in favor of this proposal at the Annual Meeting does not constitute an election to participate in the exchange program.

Description of New Options Issued in Exchange

Exercise Price of New Options. All new options issued in the exchange program will be granted with an exercise price at least equal to the fair market value of our common stock on the date of grant of the new options.

Vesting of New Options. New options granted in the exchange program will vest beginning one year from the date of grant of the new option. This means that Eligible Employees who elect to participate in the exchange program must complete an additional year of service to the Company before their new options would be exercisable, regardless of whether the old options surrendered were partially or wholly vested. All new options granted under the exchange program will vest 25% at the first anniversary of the date of the grant of the new option and in 36 equal installments thereafter.

Term of New Options. Each of the new options will have an expiration date that is ten years from the date of the Eligible Option grant.

Other Conditions of New Options. The new options will be granted under and subject to the terms and conditions of the Company's 2007 Omnibus Incentive Plan. New option grants calculated according to the exchange ratio will be rounded down to the nearest whole share on a grant-by-grant basis. New options will not be issued for fractional shares.

U.S. Federal Income Tax Consequences

The exchange of options pursuant to the exchange program should be treated as a non-taxable event for U.S. federal income tax purposes. No income should be recognized for U.S. federal income tax purposes by either the Company or participating employees upon the cancellation of surrendered options and the grant of new options in the exchange. All new options granted under the option exchange program will be non-qualified stock options for U.S. federal income tax purposes.

Accounting Impact

The program will result in additional share-based compensation expense for the Company depending on the number of shares tendered and the stock price at the time of the exchange. The unamortized compensation expense from the surrendered options and incremental compensation expense associated with the new options granted under the exchange program will be recognized over the service period of the new options. If any portion of the new options granted is forfeited prior to the completion of the service condition due to termination of employment, the compensation cost for the forfeited portion of the award will not be recognized.

Potential Modification to Terms to Comply with Governmental Requirements

The terms of the option exchange program will be described in a Tender Offer Statement that we plan to file with the SEC. Although we do not anticipate that the SEC would require us to modify the terms materially, it is possible that we will need to alter the terms of the option exchange to comply with potential SEC comments.

Effect on Stockholders

The option exchange program is designed to provide renewed incentives and motivate Eligible Employees to continue to create stockholder value and reduce the number of shares currently subject to outstanding options, thereby avoiding the dilution in ownership that normally results from supplemental grants of new stock options. While we cannot predict which or how many employees will elect to participate in the exchange program, please see the "Exchange Ratios" section above for the approximate reduction of the number of shares underlying options outstanding assuming that 100% of Eligible Options are exchanged and replacement option grants are made in accordance with the exchange ratios set out above.

Stockholder Approval

The affirmative vote of the holders of a majority of the shares of our common stock present or represented and entitled to vote at the Annual Meeting is being sought to approve the stock option exchange program.

Recommendation of Our Board of Directors

Our Board of Directors recommends that the stockholders vote "FOR" the approval of the stock option exchange program described above.

PROPOSAL THREE:

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The accounting firm of Ernst & Young LLP was engaged to serve as our independent auditors for the fiscal year ended December 31, 2008. The Audit Committee of our Board of Directors has selected that firm to continue in this capacity for the fiscal year ending December 31, 2009. We are asking the stockholders to ratify the selection by the Audit Committee of Ernst & Young LLP as our independent auditors to audit our consolidated financial statements for the fiscal year ending December 31, 2009 and to perform other appropriate services. Stockholder ratification of the selection of Ernst & Young LLP as our independent auditors is not required by our bylaws or otherwise. In the event that the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent accounting firm at any time during the year if the committee feels that such a change would be in our best interests and our stockholders.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, and that representative will have the opportunity to make a brief presentation to the stockholders if he or she so desires and is expected to be available to respond to appropriate questions from stockholders.

Stockholder Approval

The affirmative vote of the holders of a majority of the shares of our common stock present or represented and entitled to vote at the Annual Meeting is being sought to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

Recommendation of Our Board of Directors

Our Board of Directors recommends that the stockholders vote “FOR” the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Principal Accountant Fees

The following table sets forth the fees billed to us for the fiscal years ended December 31, 2007 and 2008 by Ernst & Young LLP (“E&Y”), our independent registered public accounting firm:

Audit Fees	\$705,672	\$567,466
Tax Fees	19,907	82,053
All Other Fees	19,050	72,990
Total Fees	<u>\$743,819</u>	<u>\$722,509</u>

Audit Fees. Audit fees consisted of fees billed by E&Y for professional services rendered in connection with the audit and quarterly reviews of our consolidated financial statements. For each of 2007 and 2008, such fees included fees associated with the review of a registration statement on Form S-8.

Tax Fees. Tax fees consisted of tax advice and tax planning services and services related to the 2006 Internal Revenue Service (IRS) audit during 2008 billed by E&Y.

All Other Fees. All other fees for fiscal years ended December 31, 2007 and 2008 consisted principally of an accounting research subscription and services relating to our compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee of the Board of Directors has determined that the provision by E&Y of the non-audit services described above is compatible with maintaining the independence of E&Y.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

All engagements for services by E&Y or other independent registered public accountants are subject to prior approval by the Audit Committee; however, de minimis non-audit services may instead be approved in accordance with applicable SEC rules. The Audit Committee approved all services provided by E&Y for the fiscal years ended December 31, 2007 and 2008.

Compensation Discussion and Analysis

The primary objective of our compensation policies and programs with respect to executive compensation is to serve our stockholders by attracting, retaining and motivating talented and qualified executives. We focus on providing a competitive compensation package which provides significant short and long-term incentives for the achievement of measurable corporate and individual performance objectives. We focus on, among other things, the following four elements in determining compensation:

- *Competition* . Compensation should reflect the competitive marketplace, so that the Company can attract, retain, and motivate key executives of superior ability who are critical to our future success.
- *Accountability for Business Performance* . Compensation should be tied in part to overall Company financial performance, so our executive officers are held accountable through their compensation both in salary, and long-term incentive compensation.
- *Accountability for Individual Performance* . Compensation should be tied in part to the individual’s performance to encourage and reflect individual contributions to the Company’s performance.
- *Alignment with Stockholder Interests* . Compensation should be tied in part to the Company’s stock performance through the grant of stock awards which serve to align our executive officer’s interests with those of our shareholders.

Decisions regarding executive compensation are the primary responsibility of our Compensation Committee, in consultation from time to time with the Board of Directors, management and compensation consultants retained by us. The Compensation Committee establishes and makes the final determinations regarding compensation of our executive officers based on a number of factors, including recommendations from management and survey data provided by our compensation consultants.

The components of our executive compensation program generally include (a) base salaries; (b) annual cash incentive opportunities; and (c) long-term equity incentive opportunities in the form of time-based stock options and performance-based stock options. In the future, such long-term equity opportunities may also include other types of equity instruments including, but not limited to, restricted stock or restricted stock units. Executives also participate in employee benefit programs available to the broader employee population. Our executive compensation program is intended to provide executives with overall levels of compensation that are competitive within the e-commerce industry, as well as within a broader spectrum of companies with comparable revenues and profitability.

In connection with our initial public offering in 2007, we retained an independent compensation consultant, Compensia, Inc., to assist us in establishing a compensation program which includes objective criteria and formalized policies with respect to the determination of compensation amounts for our executives. In determining the compensation policies and structure for 2008 and 2009, our Compensation Committee took into account the studies and benchmark data provided by Compensia, which included a proprietary technology and a proprietary general industry compensation survey, as well as a compensation survey by Watson Wyatt Worldwide, and compensation information from 14 similarly situated, U.S.-based, publicly-traded companies such as Autobyte, Blue Nile, Websense, VistaPrint, Magma Design Automation, among others.

For 2007 and 2008, for our executive officers, the Compensation Committee adopted a policy of setting total compensation at approximately the 50th to 75th percentile level of comparable companies (the "Target Percentile Range"). We paid our senior management through a mix of base salary, bonus and equity compensation, with the cash compensation, including the base salaries and bonuses, established generally at the lower end of the Target Percentile Range and the equity compensation established generally at the higher end of such range to more readily align their interests with those of stockholders. Mr. Evangelist's compensation package, for instance, includes grants of stock options that vest over a four-year period, as well as grants of stock options that vest upon the attainment of certain stock price metrics; that is: upon the Company's stock price reaching \$6.00 and \$8.00 per share, respectively.

For 2009, the Compensation Committee has continued its policy of targeting total compensation to the 50th to 75th percentile level of comparable companies in order to effectively recruit and retain key executives; the Compensation Committee did, however, limit the increases in executive officer base compensation to reflect the challenging economic environment, and certain executive officers elected to further reduce the percentage increase.

Elements of Executive Compensation

Base Salary

We seek to provide our senior management with a base salary appropriate to their roles and responsibilities. As indicated above, for 2008 and to date in 2009, we generally established base salaries for our executive officers at the lower end of our Target Percentile Range, with the exact base salaries for our executives based on the executive's qualifications and experience, scope of responsibilities, future potential and past performance, as well as the salaries paid by other companies for similar positions. The base salary for Mr. Sanders was negotiated in connection with the commencement of his employment. Mr. Akhavan's base salary for 2009 was increased to incorporate the guaranteed bonus portion into his salary and his entire cash incentive compensation is now tied to performance-based criteria to more closely reflect the base and target incentive compensation of the peer companies. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

Incentive Bonuses

For 2008, the incentive cash bonuses for our executive officers were established within Target Percentile Ranges, and made contingent on the Company achieving certain revenue and Adjusted EBITDA goals, to award executives for their contributions to our overall performance. These financial and operational milestones were not met, and in 2008 no cash bonuses were paid other than Mr. Akhavan's guaranteed bonus.

For 2009, the compensation for our executive officers, which includes base salaries and incentive bonuses, has been established within Target Percentile Ranges based upon revenue and Adjusted EBITDA goals. The target incentive bonuses for our executive officers have been established at approximately 33% to 80% of their respective annual base salaries, with Mr. Evangelist electing to take a portion of his incentive compensation in stock of the Company rather than cash. No bonus shall be paid to an executive officer if the sum of cash plus the balance on our auction rate securities balance is not greater than \$34 million. Assuming the cash threshold has been met, the actual bonuses paid will be based on overall company performance as determined by revenue targets from \$135 million to \$175 million and Adjusted EBITDA targets from \$5 million to \$11 million for the year. Adjusted EBITDA will also reflect the impact of any projected capital expenditures that may be reallocated to operating expense. For our executive officers other than the Chief Executive Officer, the Chief Financial Officer and the Chief Information Officer, the bonuses paid will also be dependent in equal part upon the subjective evaluation by the Compensation Committee of each executive's individual performance and contribution to our business objectives. Revenue and Adjusted EBITDA established for bonus purposes are generally higher than the goals established by the company for the operation of the business in general, and may thus be difficult to attain without a high degree of effort. For example, if the combination of revenue and Adjusted EBITDA is \$135 million and \$5 million respectively, no bonus would be paid, and to qualify for a 100% bonus payout, Adjusted EBITDA would need to be 50% greater for 2009 than the Company actually achieved in 2008. If our performance exceeds the targets set for bonus purposes, the executive officers may, at the discretion of the Compensation Committee, earn amounts in excess of the target bonus awards.

Long-Term Equity Compensation

We believe that long-term performance is achieved through an ownership culture that encourages long-term performance by our executive officers through the use of equity-based awards, and have established equity incentive plans to provide our employees, including our executive officers, with incentives to help align those employees' interests with the interests of stockholders. As such, in 2008 and to date for 2009, the Compensation Committee has made grants of stock options to the executive officers and has approved the option exchange proposed above to encourage retention of key employees, including our executives.

Prior to our initial public offering in February 2007, we issued stock options which may be exercised for restricted stock prior to vesting. The stock options that have been granted since our initial public offering are only exercisable to the extent the option is vested at the exercise date. The stock options that we grant to officers generally vest over a four year period (25% on the first anniversary of the grant date, with the remainder vesting in 36 equal monthly installments thereafter), to provide a long-term incentive to such officers, to provide them with an opportunity to obtain an ownership interest in the company and to further align their interests with the interests of our stockholders. Certain of the options granted to our Chief Executive Officer and Chief Financial Officer are directly tied to our stock price and will not vest or become exercisable unless the target metrics are met. All of the stock options that we have granted to date have a maximum term of ten years. Because we grant our executive officers a combination of time-based and performance-based options, we do not believe that our equity compensation encourages those executive officers to take excessive or unnecessary risks in operating the business.

Other Compensation

Our executive officers are eligible to receive the same benefits, including non-cash group life and health benefits, that are available to all employees. Certain additional benefits may be provided to our executives such as a car allowance, but each on a case-by-case basis.

He had served as our Chief Financial Officer and Treasurer since September 2005 and as our Executive Vice President and Secretary since October 2006. Under his separation agreement dated December 2008, Mr. McClane is entitled to severance payments equivalent to one year's salary, payable ratably every two weeks or otherwise in accordance with our regular payroll practices, and the payment of a bonus for 2008 pari passu with that of any bonuses paid to our CEO for 2008. No bonuses were paid to our CEO for 2008; accordingly, no bonus was paid to Mr. McClane for 2008. In addition, the Company entered into a consulting agreement with Mr. McClane, pursuant to which Mr. McClane received a retainer of \$20,000 and consulting fees of \$44,000 earned through December 2008. Consulting services after December 2008 will be provided on an as needed basis and will be billed by the hour. The consulting agreement terminated on March 31, 2009.
- (10) Includes a bonus of \$221,639 in the aggregate paid in connection with the completion of our March 2006 recapitalization. In addition, includes severance of \$280,000 and consulting fees of \$64,000 earned through December 31, 2008.
- (11) Mr. Adegan served as our Chief Information Officer from May 2006 to April 2008, when he resigned from the Company. Under his continuity and support agreement, entered into in May 2008, Mr. Adegan is entitled to continuing benefits and was to be paid 50% of his target bonus for 2008. Since we did not meet our targets and no bonuses were paid to executives, Mr. Adegan was paid no cash bonus for 2008. In addition, we entered into a consulting agreement with Mr. Adegan and uParts.com, Inc., a company controlled by Mr. Adegan, pursuant to which we paid consulting fees of \$45,000 per month from May through July 2008. A consulting fee of \$6,397 per month is payable from August 2008 until February 2010.

Grants of Plan-Based Awards

All plan-based awards that were granted to our named executive officers in 2008 are non-qualified stock options. The exercise price per share of each option granted to our named executive officers was equal to the closing sales price of a share of our common stock, as reported by the NASDAQ Stock Market, on the date of the stock option grant. All options were granted under our 2007 Omnibus Incentive Plan and are exercisable to the extent vested. Except as otherwise noted below, the options vest as to 25% of the shares underlying the option on the first anniversary of the grant date, with the remainder vesting in 36 equal monthly installments thereafter.

The following table presents information concerning grants of plan-based awards to each of the named executive officers during 2008.

The remaining 50% of the shares underlying the option will vest and become exercisable if the Average Closing Price equals or exceeds \$8.00 per share in any consecutive three-month period prior to October 15, 2012. In addition, if the Average Closing Price for one or both of the foregoing milestones has been achieved during the one or two calendar months prior to his termination of employment (other than for cause or due to death or disability) or upon his resignation for good reason, as such terms are defined in his stock option agreement, Mr. Evangelist may have up to an additional two months following his termination of employment to attain the stock price milestones.
- (3) Mr. McClane resigned effective December 11, 2008 and forfeited all unvested options at that time. He had 30 days subsequent to his resignation to exercise any vested options and did not do so; all options have been cancelled.

In connection with his resignation, we entered into a Support Continuity Agreement and Mr. Adegan was granted options to purchase 120,000 shares that will vest in equal parts over 22 months and shall vest immediately upon a change of control of the Company.

Employment Contracts and Termination of Employment and Change of Control Arrangements

Agreements with Shane Evangelist

In October 2007, we entered into a five year employment agreement with Shane Evangelist, our Chief Executive Officer, pursuant to which Mr. Evangelist will receive an annual base salary of at least \$350,000, subject to increase from time to time at the discretion of our Compensation Committee. Mr. Evangelist also received a lump sum signing and retention bonus of \$250,000, which bonus was repayable for a certain period of time if Mr. Evangelist resigned or was terminated for cause; the bonus is no longer repayable. Mr. Evangelist is also eligible to receive an annual target incentive bonus of up to 80% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee. While Mr. Evangelist is employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Evangelist will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a pro rated portion of his annual performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to one year following his termination of employment. If a triggering event under the severance provisions of his employment agreement had occurred on the last business day of fiscal year 2008, then Mr. Evangelist would have been entitled to a payment of \$350,000 plus approximately \$12,000 of COBRA payments.

As provided in his employment agreement, Mr. Evangelist was granted two ten year stock options under our 2007 New Employee Incentive Plan, consisting of a performance-based option to purchase up to an aggregate of 250,000 shares of our common stock, which vests based upon the attainment of certain stock price metrics, and an option to purchase up to an aggregate of 750,000 shares of our common stock, which vests over a four year period. Mr. Evangelist has elected to forfeit the 250,000 performance based options. In the event that Mr. Evangelist's employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option for 750,000 shares will immediately vest and become fully exercisable. The exercise price for both options is \$8.65 per share, which was the closing sales price of our common stock as reported by the NASDAQ Stock Market on the date of grant. If a triggering transaction had occurred as of the last business day of fiscal year 2008, all of the shares subject to the option for 750,000 shares, approximately 400,000 of which have vested, would have become vested.

Agreements with Aaron Coleman

In April 2008, we entered into an employment agreement with Aaron Coleman, our Executive Vice President of Operations and Chief Information Officer, pursuant to which Mr. Coleman will receive an annual base salary of at least \$250,000, subject to increase from time to time at the discretion of our Compensation Committee. He also received a lump sum signing and retention bonus of \$50,000. This bonus must be repaid to us by Mr. Coleman in the event his employment with us is terminated for cause or if he resigns without good reason (both as defined in his employment agreement), provided that such repayment amount will be reduced by \$4,167 for each month of employment with us that Mr. Coleman completes. Mr. Coleman will also be eligible to receive an annual target incentive bonus of up to 40% of his annual base salary, based upon us reaching our revenue and EBITDA goals as well as his achievement of certain individual goals to be established by the Compensation Committee. While Mr. Coleman will be employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Coleman will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a pro rated portion of his annual bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for up to one year following his termination of employment. If a triggering transaction had occurred as of the last business day of fiscal year 2008, then Mr. Coleman would have been entitled to a payment of \$250,000 plus approximately \$12,000 of COBRA payments.

As provided in his employment agreement, Mr. Coleman was granted one ten year stock option to purchase up to 250,000 shares of our common stock, which will vest over a four year period, with 25% vesting on the one year anniversary of the grant date and the remainder vesting in 36 equal monthly installments thereafter. In the event that Mr. Coleman's employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option will immediately vest and become fully exercisable. If a triggering transaction had occurred as of the last business day of fiscal year 2008, all of the shares subject to the option, none of which had vested, would have become vested.

Agreements with Houman Akhavan

We entered into an offer letter with Houman Akhavan in January 2006, pursuant to which he agreed to serve as our Vice President of Marketing. In the event Mr. Akhavan's employment is terminated for any reason other than for cause, then we will be required to pay six months of severance to Mr. Akhavan based on his average pay for the six month preceding the termination date. If a triggering event under the severance provisions of his agreement had occurred on the last business day of fiscal year 2008, then Mr. Akhavan would have been entitled to a payment of approximately \$116,000.

In 2006, we granted to Mr. Akhavan options to purchase an aggregate of 231,000 shares of our common stock. This stock option agreement provides that in the event of an involuntary termination of the applicable officer's service with us within 12 months after a change in control of U.S. Auto Parts, then all unvested option shares will immediately vest and will remain exercisable until the earlier of (i) the expiration of such options, or (ii) the one year anniversary of the involuntary termination. If a triggering transaction had occurred as of the last business day of fiscal year 2008, 115,938 shares of the option granted to Mr. Akhavan, which had not vested as of such date, would have become vested.

Agreements with Theodore R. Sanders

In February 2009, we entered into a five year employment agreement with Ted Sanders, our Chief Financial Officer, pursuant to which Mr. Sanders will receive an annual base salary of at least \$300,000, subject to increase from time to time at the discretion of our Compensation Committee. Mr. Sanders also received a lump sum signing and retention bonus of \$25,000, which bonus is repayable for a certain period of time if Mr. Sanders resigns or is terminated for cause. Mr. Sanders is also eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee. While Mr. Sanders is employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Sanders will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a pro rated portion of his annual performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to one year following his termination of employment.

As provided in his employment agreement, Mr. Sanders has been granted two ten year stock options under our 2007 New Employee Incentive Plan, consisting of a performance-based option to purchase up to an aggregate of 100,000 shares of our common stock, which vests based upon the attainment of certain stock price metrics, and an option to purchase up to an aggregate of 400,000 shares of our common stock, which vests over a four year period. In the event that Mr. Sanders' employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option for 400,000 shares will immediately vest and become fully exercisable. The exercise price for both options is \$1.15 per share, which was the closing sales price of our common stock as reported by the NASDAQ Stock Market on the date of grant.

Agreements with Alexander Adegan

In April 2008, we entered into a Support Continuity Agreement (the “Support Agreement”) with Alexander Adegan, the Company’s former Chief Information Officer, who resigned from such office on April 3, 2008 and subsequently terminated his employment with the Company effective April 18, 2008. Under the Support Agreement, Mr. Adegan is entitled to certain continuing benefits and the payment of a bonus for 2008. In addition, the Company entered into a consulting agreement with Mr. Adegan and uParts.com, Inc. (“uParts”), a company controlled by Mr. Adegan. Pursuant to the consulting agreement, Mr. Adegan and uParts will receive a monthly consulting fee until February 2010. In addition, in connection with the consulting agreement, Mr. Adegan was granted an option under the Company’s 2007 Omnibus Incentive Plan to purchase up to 120,000 shares of the Company’s common stock at an exercise price equal to the closing sales price of the common stock on the date of grant, which option will vest in equal monthly installments over 22 months but will vest in full upon a change in control of the Company.

Agreements with Michael McClane

In December 2008, we entered into a separation agreement and release of claims and a consulting agreement with Michael McClane, our Chief Financial Officer, Executive Vice President of Finance, Treasurer and Secretary, pursuant to which Mr. McClane will be paid \$280,000 over a period of one year. Mr. McClane waived any rights to payment of healthcare premiums or automobile allowance. Pursuant to the terms of the consulting agreement, which extends through March 31, 2009, Mr. McClane was paid a retainer of \$20,000, plus an additional \$44,000 for consulting fees through December 2008. Consulting services will be provided on an as needed basis after December 2008 and billed at a rate of \$200 per hour.

Pursuant to the written charter of our Audit Committee adopted in January 2007, our Audit Committee of the Board of Directors is responsible for reviewing and approving all related party transactions and potential conflict of interest situations involving a principal stockholder, a member of the Board of Directors or senior management. In addition, our company policies require that our officers and employees avoid using their positions for purposes that are, or give the appearance of being, motivated by a desire for personal gain, and our policies further require that all officers and employees who have authority to initiate related party transactions provide a written report, on an annual basis, of all activities which could result in a conflict of interest or impair their professional judgment. All such written reports concerning related party transactions or conflicts of interest are submitted to, and reviewed by, our Chief Financial Officer and our Audit Committee.
